REQUEST FOR MNDOT SPEED ZONE STUDY ON 112TH
STREET COMMENCING AT THE INTERSECTION OF 112TH
STREET AND 277TH AVENUE CONTINUING NORTH ON 112TH
STREET TO 285TH AVENUE AND THERE ENDING

RESOLUTION NO. 2006-01

Whereas, this minor arterial/collector roadway serves an increasingly greater number of residents due to recent and scheduled subdivision plats, and

Whereas, the topography of roadway includes numerous hills and limited visibility for several intersections and driveways, and

Whereas, a reduced speed limit to 45 mph is believed to be in the best interest of residents for their safety, now

Therefore, be it resolved that the Baldwin Board of Supervisors request an engineering/traffic study to determine if a 45 mph speed limit is reasonable and safe for 112th Street commencing at the intersection of 112th Street and 277th Avenue and continuing north on 112th Street to 285th Avenue and there ending.
